

# RICE UNIVERSITY

Thursday, June 25, 2020

**Subject: Request for Proposal 2020-06-004 – Onsite COVID-19 Testing Services for Rice University**

Addendum 1 - This addendum serves to change and/or clarify the following information:

Areas of change or clarification: Three (3) Clarifications.

**1. Q: Is the intention to have one testing site for the entire campus or should they be spread out across the campus?**

R: We would prefer to have multiple (a few) testing sites on campus to minimize lines and flow back up.

**2. Q: If there are multiple sites, how many?**

R: ~3-5 however we would appreciate a cost breakdown from you on the variance based upon your need to staff. A drive through options is possible as well and we would be interested in hearing testing agency thoughts.

**3. Q: Has the University identified testing location(s) on campus, or is that up to the vendor?**

R: The University would be responsible for identifying and providing access to the testing locations, but would work with the testing agency to coordinate needs and the best location.
