Product

Manufacturer / Casala Curvy

Product

Product No. 9092679

- Description
- The complete product family makes Curvy suitable for many different applications
 - Curvy can be completely recycled (100%) after its life cycle
 - The integrated stacking protection prevents damage on the seat
 - The felt glides are fitted with ultrasonically welded felt for optimal durability
 - The dimensions of the Curvy chair correspond with today's anatomic body measurements
 - The visible welds on the frame are smooth and clean
 - The seat and backrest are easily exchanged to extend the chair's product life cycle
 - The frame is environmentally friendly chromed according to the Chrome 3 procedure
 - High backrest guarantees great sitting comfort and support
 - A long guarantee period of 5 years and a continuity of supply of 10 years
 - Curvy has been tested and is approved according to European Norm EN15373 and passes the high standards that are set for contract furniture

Product

Manufacturer / Product Herman Miller / Embody Chair

Product No. CN122AWAA

Description The Backfit™ adjustment allows you to position the backrest in line with your spine's natural curve, so you achieve a neutral, balanced posture. Embody's tilt technology keeps your back at a proper angle to the seat, allowing your body to move naturally into the most healthful seated postures while keeping your pelvis stable. Embody's narrow backrest lets your arms and shoulders move unimpeded. This movement helps open your lungs and encourages deeper breathing and more focused thinking. "R" Embroidery logo on back

Description
 1) Three 21'L (48"W) double entry mobile Storage carriages.
 2) Two 21'L (18"D) single entry stationary ranges of storage shelving.
 3) High Density End Panels.
 4) Decking, tracking & sub-floor.
 This new mobile system will provide various options for athletic storage for the Rice University Football Program. Sections E1, E2 and E3 will feature adjustable storage for various athletic equipment on the carriages and the stationary units as requested by the Rice Football Program. E4 will serve as a Wardrobe / Jersey storage section with heavy duty hanging rods for maximum use of each compartment. All carriages will feature ergonomic handles and sealed gearing systems to ensure easy movement with the system at full capacity.
